CLEARING LIMIT COVENANT

IN CONSIDERATION OF the approved King County _____ permit for application No. _____ relating to real property legally described as follows:

The undersigned as Grantor(s), declares that the above described property is hereby established as having a native growth retention area for the purpose of dispersing and treating stormwater flows and is subject to restrictions applying to vegetation removal in all designated areas shown in Attachment A, and hereby covenants and agrees as follows:

- 1) Any alterations to sensitive areas, their buffers and native growth retention areas shall be pursuant to applicable King County Code.
- 2) The property within the native growth protection area (shown in Attachment A) shall be maintained in a forested condition, with the exception of open water and existing non-forested native wetland plant communities. The following activities are allowed:

- a) Removal of noxious weeds and non-native vegetation using hand equipment provided that those areas are replanted with appropriate native vegetation.
- b) Removal of dangerous and diseased trees.
- c) Passive recreation and related activities including trails, nature viewing, fishing, camping areas, and other similar activities that do not require permanent structures, provided that cleared areas and areas of compacted soil associated with these areas and facilities do not exceed eight percent of the native growth retention area.
- d) The native growth retention area may contain utilities and utility easements including flow control BMPs, but not including septic systems.
- e) Limited trimming and pruning of vegetation for the creation and maintenance of views per applicable King County Code.
- f) Timber harvest in accordance with a King County-approved forest management plan and appropriate permits.

Note that for all the above activities forested hydrologic conditions and soil stability shall be maintained. King County shall have a nonexclusive perpetual access easement on the Property in order to ingress and egress over the Property for the sole purposes of inspecting and monitoring the Property's native growth retention area.

This easement/restriction is binding upon the GRANTOR(s), its heirs, successors and assigns unless or until a new drainage or site plan is reviewed and approved by the Department of Development and Environmental Services or its successor.
